

Headteacher Update Week 20

Assessment Block

The Assessment block went very well and the rigorous planning and support made for a good experience for the young people. I hope the pupils have performed well, and hope they have met their predictions and expectations.

For pupils 'off track' there is still time for them to improve, and we must encourage young people to build on their learning, and focus on areas for development.

A major focus this coming week will be giving feedback to the pupils who have sat assessments. Ensuring pupils can have manageable targets to meet the SQA's demands is key. Our S4 parents evening on Monday also gives us the chance to reinforce the feedback in partnership.

Taking the Learning Outdoors

Our pupils relished the opportunity to take their learning outside and be part of the World Wetlands Day 2018 on 2 February. They visited RSPB Black Devon Wetlands. As you can see from the pictures it was an amazing day, great fun and a brilliant learning opportunity. Thanks to the staff who co-ordinated this.

Gymnastics

It was great to see our S1 and S2 Gymnasts achieve a top spot at the Clackmannanshire Level 1 Gymnastics competition held at Lornhill Academy. MacAully, Taylor, Braydon and Kyle must be congratulated on their excellent achievement. Well done boys.

Have a great week,

Mr Bruce
