

Headteacher Update Week 22

It is nice seeing everyone back from the midterm break and working hard towards the challenges ahead.

Parent Council

Thank you to the Parent Council for all of your support in funding £500 for the Seniors Café, £500 for audio equipment and £100 for our school library initiatives. Maureen McMaster (PC Chair) delivered the checks on Friday and we spent time talking about the efforts staff are putting in to support young people get the best outcomes possible.

Eco Schools

With the improving weather it was nice to see our S2's enjoy learning outwith the classroom.

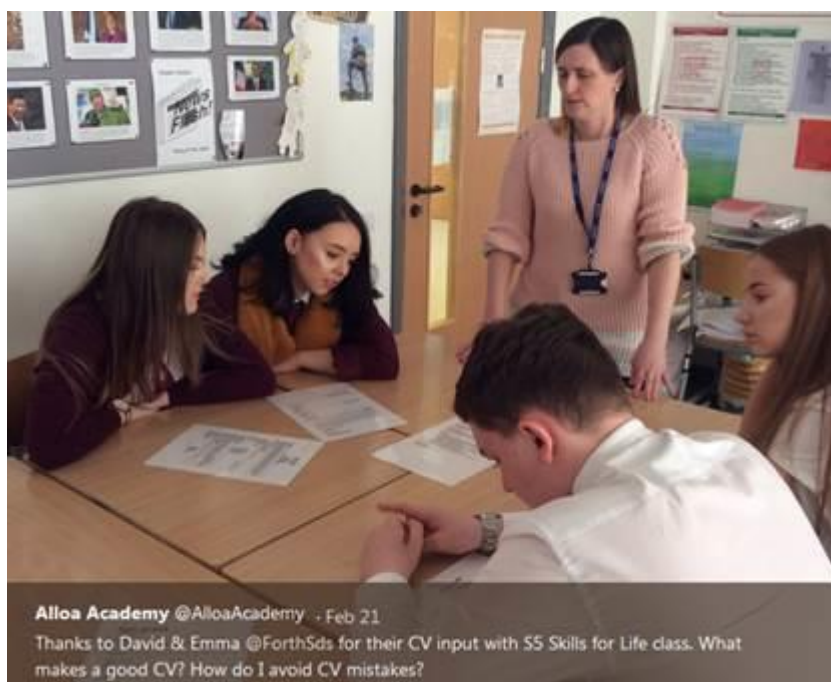

Teenage Cancer Trust

Thanks to the staff who co-ordinated the visit from Teenage Cancer Trust.

CV Skills

It was great to see partners from Skills Development Scotland support our seniors prepare CVs within the Skills for Life Class. These are important opportunities for our young people, preparing them for the world of work.

Have a good week!

Regards

Mr Bruce
